Chart Calculating Number of Days in SST for Students 1-30

Note: When a document indicated just the month and year of a meeting or referral instead of an exact date, for purposes of the calculations below, the date is listed in the chart using the first day of the month listed. For example, if the student was listed as having been referred to CST/SST in April 2019, the chart reflects a referral date of April 1, 2019. The dates for which this assumption has been made are in *italics*.

For each date, the chart cites the Bates number of the document where that date was found.
